

Romance Ready Blends

How It Works

Sesso Dolce, Sesso Dolce Intense, and Sesso Dolce Enhance are safe, topically applied blends of pure, organic Essential Oils, organic virgin Sesame Seed Oil, and Fractionated Coconut Oil. Each Essential Oil was selected for its ability to increase blood flow, provide warmth, and to help promote a healthy hormone balance naturally, without the use of synthetic chemicals or drugs.*

Sesso Dolce Romance Ready Blends gently increase blood flow naturally, without irritation, and with continued use have been shown to assist the body with balancing hormones.* Unlike most romance enhancement products, Sesso Dolce's line of Romance Ready Blends do not force women's or men's bodies into sensitivity, but instead they allow the body to experience its natural ability for romance.

With Sesso Dolce, the romance happens very quickly, usually within five minutes, and lasts an hour or more depending on the individual and their life circumstances. It's the pure and safe solution to dramatically increase romance. Sesso Dolce Romance Ready Blends will help to renew and energize romance and awaken the pleasure-center, creating arousal and deep sensual sensitivity that increases with each use.
